AND COUNTY LIGHTING DISTRICT LLA-1, UNINCORPORATED ZONE, AND

NOS. 19-206, 112-806, 117-806, AND 18-205 UNINCORPORATED AREAS OF
ARCADIA, AZUSA, COVINA, AND ROSEMEAD
SUPERVISORIAL DISTRICTS 1 AND 5
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Approve Engineer's Reports for Petition Nos. 19-206, 112-806, 117-806, and 18-205, either as filed or as modified, regarding the annexation of territories to County Lighting Maintenance District 1687 (CLMD 1687) and County Lighting District LLA-1 (CLD-LLA-1), Unincorporated Zone, and levying of assessments within the annexed territories for street lighting purposes. The proposed annexation areas are located in the unincorporated areas of Arcadia, Azusa, Covina, and Rosemead, as shown on the attached diagrams.
2. Adopt Resolution of Intention to Annex Territories to CLMD 1687 and CLD LLA-1, Unincorporated Zone, and Order the Levying of Assessments within the Annexed Territories, for Fiscal Year 2008-09.

3. Set a date for a public hearing regarding the proposed annexations and levying of annual assessments within the annexed territories for street lighting purposes, with a base-assessment rate of \$5 for a single-family residence within CLD LLA-1, Unincorporated Zone, for Fiscal Year 2008-09.
4. Instruct the Executive Officer of the Board to cause notice of the public hearing by mail at least 45 days prior to the date of hearing scheduled for Tuesday, _____, pursuant to Section 53753 of the Government Code. The mailed notice will include assessment ballots.
5. Instruct the Executive Officer of the Board to cause notice of the public hearing to be posted in three conspicuous places within the territories to be annexed and to publish the notice of public hearing once a week for two successive weeks in a newspaper of general circulation. Such posting and publication are to be completed at least 10 days prior to the date of hearing, pursuant to Section 5838 of the California Streets and Highways Code.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Order changes, if needed, in any of the matters provided in the Engineer's Reports, including changes in the improvements, the proposed diagrams, or the proposed assessments.
2. Order the tabulation of assessment ballots submitted, and not withdrawn, in support of or opposition to the proposed assessment.
3. Determine whether a majority protest against the proposed annexations or assessments exists.
4. If there is no majority protest against the annexations or assessments, adopt the Resolution Ordering Annexation of Territories to CLMD 1687 and CLD LLA-1, Unincorporated Zone, Confirming a Diagram and Assessment, and Levying of Assessments within the annexed territories for Fiscal Year 2008-09, either as proposed or as modified by your Board, and the Joint Resolutions Approving and Accepting the Negotiated Exchange of Property Tax Revenues resulting from the annexation of territories to CLMD 1687. The adoption of the Resolution Ordering Annexation will constitute the levying of assessments in Fiscal Year 2008-09.

5. Find that the annexations and assessments are for the purpose of meeting operating expenses; purchasing supplies, equipment, or materials; meeting financial reserve needs and requirements; and obtaining funds for capital projects, including the installation, operation, and maintenance of street lights necessary to maintain service within the areas proposed for annexation, and exempt from the requirements under the California Environmental Quality Act (CEQA).
6. Adopt the Joint Resolutions between your Board and other taxing agencies, Approving and Accepting the Negotiated Exchange of Property Tax Revenues resulting from the annexation of these territories to CLMD1687, as approved by the nonexempt taxing agencies.
7. If there is a majority protest, make a finding terminating the annexation, terminating the levying of assessments, terminating the property tax transfer proceedings, and refer the matter back to the Department of Public Works (DPW).

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is for your Board to annex the territories known as Petition Nos. 19-206 (10th Avenue), 112-806 (Varnell Street), 117-806 (Puente Street), and 18-205 (Walnut Grove Avenue) into CLMD 1687 and CLD LLA-1, Unincorporated Zone; to levy assessments for Fiscal Year 2008-09 on the benefited properties within the annexed territories for street lighting purposes; and to approve the exchange of property tax revenues among those nonexempt agencies whose service areas are subject to the jurisdictional change.

Your Board previously approved and filed Petition Nos. 19-206, 112-806, 117-806, and 18-205, and adopted a Resolution Initiating Proceedings to annex the territories to CLMD 1687 and CLD LLA-1, Unincorporated Zone, and ordered DPW to prepare and file an Engineer's Report for each Petitioned area.

We have received petitions from the property owners within the areas described in the attached Engineer's Report that request street lighting service.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs that we provide Fiscal Responsibility (Goal 4) by performing the annexation, levying of assessments, and property tax transfer for the funding necessary for the operation and maintenance of new and existing street lighting facilities within these annexed territories. In addition, this action is consistent with Community Services (Goal 6) by improving the quality of life for residents in the community.

FISCAL IMPACT/FINANCING

Sufficient funds are included in the Fiscal Year 2007-08 budget for CLMD 1687 and CLD LLA-1, Unincorporated Zone, to fund the annual costs for the operation and maintenance of the street lights within Petition Nos. 19-206, 112-806, 117-806, and 18-205, should operation and maintenance charges be incurred prior to the end of Fiscal Year 2007-08. In future years, the ongoing operation and maintenance costs of the street lights within these annexed territories will be funded by a portion of the lighting districts' share of ad valorem property taxes collected from property owners within these annexed territories, supplemented by assessments annually approved by your Board. The proposed annexations will result in a minimal property tax growth transfer from the affected taxing entities including the County General Fund, Public Library, Road District Nos. 1 and 5, Fire Department, and the Flood Control District.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Under Government Code Section 53753, it is necessary to follow the procedures for levying of assessments previously authorized by your Board, including the sending, receipt, and tabulation of ballots at the public hearing. Ballots will be mailed to each property owner within the annexation areas. The assessment will only be levied if the weighted majority of ballots returned are in favor of the assessment.

The attached Resolution of Intention must be adopted to set a date for the required public hearing. Your Board, at the close of the public hearing, may delay its determination regarding the annexations and levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the annexation or assessment.

Section 99.01 of the Revenue and Taxation Code provides that affected agencies must approve and accept the exchange of property tax revenues by Resolution. For those

agencies under the Board's jurisdiction, the Board can act on their behalf. For those agencies with their own governing boards who fail to adopt a Resolution providing for the exchange of property tax revenues, your Board can approve the exchange of property tax revenue for that agency.

The Joint Resolutions Approving and Accepting the Exchange of Property Tax Revenues have been approved by nonexempt taxing agencies and are attached for your consideration.

The boundaries of the proposed annexations have been reviewed and approved by DPW and the County Assessor in accordance with the requirements of Section 58850 et seq. of the Government Code and are on file with DPW. A copy of the diagram showing the boundaries of each proposed annexation area is attached to the Engineer's Report prepared for each petitioned area. Following your Board's approval of the Resolution for the annexations, levying of assessments, and exchange of property tax revenues, DPW will file with the State Board of Equalization the statement of boundary changes as required by Section 54990 et seq. of the Government Code.

The attached Resolutions have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

On November 14, 2006 (Petition No. 117-806), January 30, 2007 (Petition No. 19-206), January 9, 2007 (Petition No. 112-806), and April 11, 2006 (Petition No. 18-205), your Board previously determined that these projects are categorically exempt from the provisions of CEQA in that they meet the criteria set forth in Section 15301 of the State CEQA Guidelines and Class 1(x)27 of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The annexation of territories to CLMD 1687 and CLD LLA-1 Unincorporated Zone will result in street lighting for these areas and will have no impact on other services or projects.

**COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
ENGINEER'S REPORT
PETITION NO. 19-206
(10TH AVENUE)**

The Los Angeles County Board of Supervisors previously adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining 11 street lights on new or existing wood poles within the annexed territory, and one additional street light on an existing wood pole within the boundaries of the existing lighting districts, as shown on the diagram, plans and specifications attached hereto. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code and Article XIID, Section 4(b) of the California Constitution. This Report was prepared in response to that directive.

The annual operating cost of \$1,399 for the 12-9,500 lumen high pressure sodium vapor street lights will be funded by County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year 2007-08 Annual Engineer's Report for County Lighting District LLA-1, is proposed to be added to the Fiscal Year 2008-09 tax bill of property owners whose parcels lie within the boundaries of Petition No. 19-206. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the County of Los Angeles Board of Supervisors, will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIID of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of street lighting in the District. Therefore, County Lighting District LLA-1 was formed under the Landscaping and Lighting Act of 1972 to provide supplemental funding.

The Landscaping and Lighting Act of 1972 provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof by reference. The Fiscal Year 2007-08 Annual Engineer's Report, which lists the base-rate assessment for all zones within County Lighting District LLA-1, and the total assessment amount to be collected from benefited parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real properties affected are shown in Appendix A, included herein. The parcels are more particularly described in maps prepared in accordance with Section 327 of the Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the 12 street lights on new or existing wood poles in the designated area, as requested by the signers of Petition No. 19-206, and to provide for their operation and maintenance.

The Los Angeles County Board of Supervisors previously adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining four street lights on new or existing wood poles within the annexed territory, and two additional street lights on new or existing wood poles within the boundaries of the existing Lighting Districts, as shown on the diagram, plans and specifications attached hereto. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code and Article XIID, Section 4(b) of the California Constitution. This Report was prepared in response to that directive.

The annual operating cost of \$700 for the six-9,500 lumen high pressure sodium vapor street lights will be funded by County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone. The Los Angeles County Board of Supervisors previously adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of operating and maintaining 14 street lights on concrete pole with underground wiring within the annexed territory, as shown on the diagram, plans and specifications attached hereto. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code and Article XIID, Section 4(b), of the California Constitution. This Report was prepared in response to that directive.

The annual operating cost of \$2,708 for the 14-27,500 lumen high pressure sodium vapor street lights will be funded by County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year 2007-08 Annual Engineer's Report for County Lighting District LLA-1 is proposed to be added to the Fiscal Year 2008-09 tax bill of property owners whose parcels lie within the boundaries of Petition No. 18-205. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the Board of Supervisors, will be added to the property tax bill.

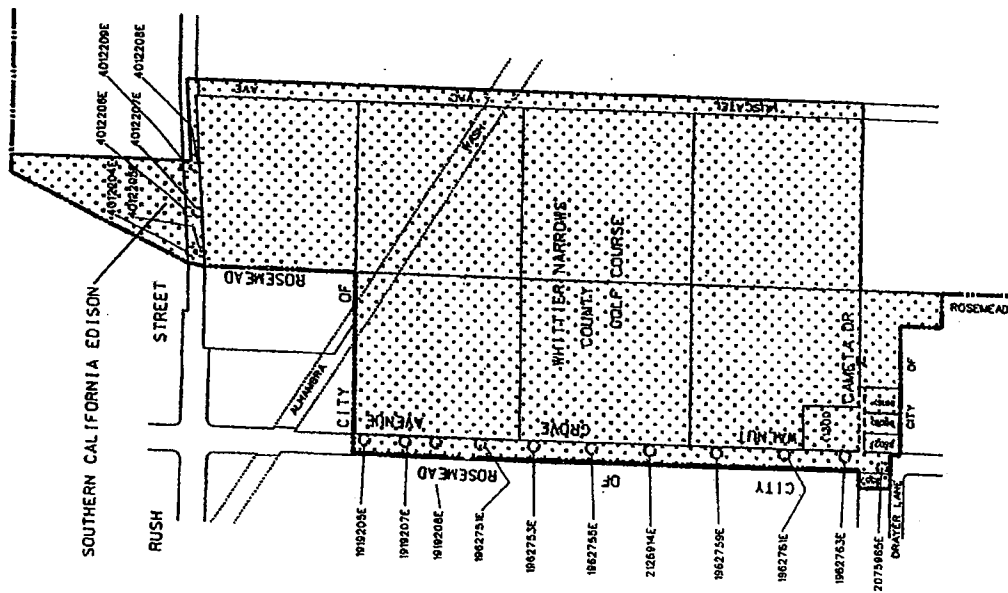

With the passage of Proposition 218 by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIID of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A, which limited the maximum amount of ad valorem tax on real property. **NOTICE OF PUBLIC HEARING
OF THE BOARD OF SUPERVISORS
TO CONSIDER ANNEXATION OF TERRITORIES TO
COUNTY LIGHTING MAINTENANCE DISTRICT 1687 AND
COUNTY LIGHTING DISTRICT LLA-1, UNINCORPORATED ZONE
PETITION NOS. 19-206, 112-806, 117-806, AND 18-205**

Notice is hereby given that a public hearing will be held by the Board of Supervisors to consider the annexation of territories known as Petition Nos. 19-206, 112-806, 117-806 and 18-205 to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone (Lighting Districts), and levying of annual assessments commencing in Fiscal Year 2008-09. Said hearing will be held on Tuesday, _____, at 9:30 a.m., in the Hearing Room of the Board of Supervisors, Room 383B, Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street at Grand Avenue), Los Angeles, California 90012.

These territories, whose street locations are described below, and whose maps are on file with the Executive office of the Board of Supervisors, are proposed for annexation to the Lighting Districts for the installation of street lights and for the collection of assessment revenues to pay for their operation and maintenance.

- Petition No. 19-206: 10th Avenue between the City limit of the City of Arcadia and Ednuel Street in the Arcadia area (T.G. 597 F1). 12 street lights on new or existing wood poles with overhead wiring are proposed to be installed.

An annual operation and maintenance assessment in the amount of \$5 for a single-family home, with proportionately higher rates for other land uses, will be levied against the 43 benefited parcels located within the Petition area, and identified by assessor parcel number in the Engineer's Report on file with the Executive Office.

- Petition No. 112-806: Varnell Avenue between Arrow Highway and Chadmont Street in the Azusa area (T.G. 598 G3). Six street lights on new or existing wood poles with overhead wiring are proposed to be installed.

An annual operation and maintenance assessment in the amount of \$5 for a single-family home will be levied against the 18 benefited parcels located within the Petition area, and identified by assessor parcel number in the Engineer's Report on file with the Executive Office.

The levying of a new assessment is now subject to property owner approval with the passage of Proposition 218 (approved by California voters in November 1996) which provides for property owners to determine by ballot whether or not they approve of the proposed assessment for this purpose. As required under Proposition 218, assessment ballots will be mailed to all property owners of parcels within the territory proposed for annexation at least 45 days in advance of the public hearing. All assessment ballots must be received by the County before the conclusion of the public hearing. Ballots will be tabulated at the conclusion of the public hearing. The assessment will not be levied and the territory will not be annexed if the weighted majority of the returned ballots submitted are opposed to the increase. The ballots are weighted according to the amount of the street lighting assessment paid by each property owner.

In addition to returning the assessment ballots, property owners may file with the Executive Officer of the Board of Supervisors a written protest against the proposed annexations at anytime prior to the conclusion of the public hearing. The written protest must identify the property owned and must state all grounds for objection. The protest may be withdrawn in writing prior to the conclusion of the public hearing. A majority protest will cause abandonment of the proposed annexation. If you wish to file a written protest, you may address it in writing to:
